

VIRTUAL WORKSHOP

At the Corner of AA Accessibility & Technology

A person in a wheelchair is shown from a side profile, moving across a city street. The scene is overlaid with digital effects, including red and white particle trails and motion blur, suggesting a virtual or augmented reality environment. The background shows a busy city street with buildings and traffic.

June 9th, 3pm

Meeting ID: 848 0308 9697

PW: Area29

Presented by: Buck R., Lewes DE

Hosted by the Area 29 Accessibilities Committee
